| Crashes QGIS or corrupts data: | No | Copied to github as #: 16265 |
| Description I have noticed in QGIS version 1.8 when you style line data as a simple line with other defined attributes and save it as an sld the sld that is generated has a line that is dashed and vice versa. If you label features with the advanced labelling it does not appear in the sld that is saved for that layer. | | |

History

#1 - 2013-02-26 02:06 AM - Giovanni Manghi

- Affected QGIS version changed from master to 1.8.0
- Status changed from Open to Feedback

have you tested qgis master?

#2 - 2014-06-21 12:37 PM - Jürgen Fischer

- Status changed from Feedback to Closed

closing for the lack of feedback
