

QGIS Application - Bug report #734

GRASS command works in shell but not from toolbox

2007-06-28 05:24 AM - Markus Neteler

Status:	Closed	
Priority:	Low	
Assignee:	nobody -	
Category:	GRASS	
Affected QGIS version:		Regression?: No
Operating System: Windows		Easy fix?: No
Pull Request or Patch supplied:		Resolution: fixed
Crashes QGIS or corrupts data:		Copied to github as #: 10793
Description		
<p>Hi,</p> <p>on Windows, we have the strange situation that for example r.out.gdal (raster export) works from the GRASS shell but not from QGIS GUI. See screenshot. Likewise for several commands...</p> <p>Best Markus</p>		

History

#1 - 2008-03-17 10:29 AM - leolami -

- Resolution set to fixed
- Status changed from Open to Closed

Now there is a problem in r.out.gdal but it is different from this.

#2 - 2009-08-22 12:54 AM - Anonymous

Milestone Version 0.9.2 deleted
