

QGIS Application - Bug report #7569

Too much information when edit style on raster layer properties

2013-04-10 09:57 PM - Ignatius Pranantyo

Status:	Closed	
Priority:	Severe/Regression	
Assignee:		
Category:	Rasters	
Affected QGIS version:	master	Regression?: No
Operating System:	Lenovo	Easy fix?: No
Pull Request or Patch applied:	No	Resolution:
Crashes QGIS or corrupts data:	No	Copied to github as #: 16509
Description		
I'm trying to use 8c714a9/1.9.0 I have a raster data and I want to change the color style on layer properties window. The problem is: if I minimize the layer properties window, I think it will be hard to change the "load min/max values" if we choose 'multiband color & singleband gray' and if I choose 'singleband pseudo color' I'm getting hard to set the color. So I need to maximize the window but still not work properly (pic 2) or I need bigger monitor screen?.		

Associated revisions

Revision 03b1e0c8 - 2013-04-13 04:26 AM - Larry Shaffer

Update raster properties dialog to vertical tabs

- Minimize width of band renderer type widgets by reorganizing layouts and fixing spacing issues
- Fix #7569, too much information when edit style on raster layer properties
- Group 'Color rendering' options
- Add Reset button to 'Color rendering' options
- Add icon for pseudocolor colormap sorting

History

#1 - 2013-04-10 10:01 PM - Nathan Woodrow

- Priority changed from Normal to Severe/Regression

#2 - 2013-04-10 10:02 PM - Nathan Woodrow

Updated to blocker as it makes the dialog useless.

#3 - 2013-04-12 07:28 PM - Larry Shaffer

- Status changed from Open to Closed

Fixed in changeset commit:"03b1e0c882edac85b20cd252b3e3039488ed254b".
