

QGIS Application - Feature request #7579

consistent colour choices needed

2013-04-11 08:53 AM - John Sankey

Status:	Closed	Resolution: fixed/implemented Copied to github as #: 16516
Priority:	Normal	
Assignee:		
Category:	Unknown	
Pull Request or Patch supplied:	No	
Easy fix?:	No	
Description		
1.8.0 has one system for setting feature colours and several different ones for label colours. A common system is really needed. Labels need to have a numerical colour option so feature and label colours can match. It would be especially convenient if there were a label colour option "same as feature colour".

have you tested qgis master?

#2 - 2013-04-11 10:30 AM - John Sankey

no - I don't have it. QGIS work is too important to me to risk with versions in flux.

#3 - 2017-05-01 12:48 AM - Giovanni Manghi

- Easy fix? set to No

#4 - 2017-09-22 10:06 AM - Jürgen Fischer

- Category set to Unknown

#5 - 2018-02-01 12:33 AM - Nyal Dawson

- Resolution set to fixed/implemented

- Status changed from Open to Closed

Fixed since 2.x
