QGIS Application - Bug report #759
Bad rendering of symbol points in the map composer

2007-08-31 08:14 AM - leo-lami -

Status:	Closed		
Priority:	Low		
Assignee:	nobody -		
Category:			
Affected QGIS version:		**Regression?:**	No
Operating System:	Debian	**Easy fix?:**	No
Pull Request or Patch supplied:		**Resolution:**	duplicate
Crashes QGIS or corrupts data:		**Copied to github as #:**	10818

Description

The rendering of the symbol of points vectors in the map composer is very bad. If I set the symbol scale in the object options from 0.5 (default) to 1 the rendering in the map is best but it is more bad in the legend.
