QGIS Application - Bug report #7610
Vector selection is shown in composer outputs

2013-04-14 05:10 AM - Nyall Dawson

Status:	Closed			
Priority:	Normal

Category:	Map Composer/Printing			
Affected QGIS version:	master	**Regression?:**	No	
Operating System:		**Easy fix?:**	No	
Pull Request or Patch supplied:		**Resolution:**		
Crashes QGIS or corrupts data:		**Copied to github as #:**	16538	

Description

In current master the selection is shown highlighted when outputting a map from a composer window. I've attached a couple of screenshots showing the issue. I'd expect the output from a composer to ignore any highlighting and style selected items the same as the rest of the layer.
