

QGIS Application - Bug report #7830

Numeric scalebar alignment in map composer does not work

2013-05-15 04:12 AM - Pekka Sarkola

Status:	Closed	
Priority:	Normal	
Assignee:		
Category:	Map Composer/Printing	
Affected QGIS version:	master	Regression?: No
Operating System:		Easy fix?: No
Pull Request or Patch supplied:		Resolution:
Crashes QGIS or corrupts data:		Copied to github as #: 16713
Description		
<p>I like to align numeric scalebar in the middle of my "Legend area". I can expand size of numeric value to 40 mm (it was 20 mm). But numeric value will remain aligned to left. I change in Display category: Left/Middle/Right, but it didn't change anything.</p> <p>Tested 1.9.0 revision: a60e74a</p>		

Associated revisions

Revision 7879d37f - 2013-06-13 01:18 AM - Nyal Dawson

Also disable color buttons which don't apply for numeric scale bars  
Make numeric scale bars respect font color and alignment settings (fix #7830)

History

#1 - 2013-05-16 05:27 AM - Giovanni Manghi
