QGIS Application - Bug report #8016
edit field to enter SRID: default text should disappear on click

2013-06-07 01:06 AM - Paolo Cavallini

Status:	Closed		
Priority:	Low		
Assignee:	Jürgen Fischer		
Category:	Data Provider/Oracle		
Affected QGIS version:	master	**Regression?:**	No
Operating System:		**Easy fix?:**	No
Pull Request or Patch supplied:		**Resolution:**	
Crashes QGIS or corrupts data:	No	**Copied to github as #:**	16862

Description

When loading a table, and clicking on the srid edit field, the text is editable; better to erase it and leave it empty (it is easy to leave some extra characters, so the srid is not recognised)

Associated revisions

Revision 3d9d1eeb - 2013-06-08 01:24 AM - Jürgen Fischer

postgresql & oracle provider fixes:

- start with an empty line edit when entering srids (fixes #8016)

- oracle provider: order primary key candidates in views by column id (fixes #8018)

- disable non-selectable entries and provide tooltips on why they are disabled

History
