Crashes QGIS or corrupts data:	No	Copied to github as #: 16864
Description		
Loading tables: the order of the fields for selecting the PK is not always the same as in the table		

Associated revisions

Revision 3d9d1eeb - 2013-06-08 01:24 AM - Jürgen Fischer

postgresql & oracle provider fixes:

- start with an empty line edit when entering srids (fixes #8016)
- oracle provider: order primary key candidates in views by column id (fixes #8018)
- disable non-selectable entries and provide tooltips on why they are disabled
