

QGIS Application - Bug report #8090

Heatmap plugin resets rows and columns whenever I change the radius

2013-06-17 06:53 AM - Aren Cambre

Status:	Closed	
Priority:	Normal	
Assignee:		
Category:	C++ Plugins	
Affected QGIS version:	master	Regression?: No
Operating System:	Windows 7 x64	Easy fix?: No
Pull Request or Patch supplied:	No	Resolution:
Crashes QGIS or corrupts data:	No	Copied to github as #: 16927
Description		
In the Heatmap plugin, if I change the Rows field for a heatmap in the Advanced section, which automagically changes Columns, too, then if I change the heatmap's Radius field, Rows and Columns get changed back to default values. Expected behavior: Changes to the Radius field do not reset the Rows and Columns fields.

Revision 65aa1d5a - 2013-06-26 08:00 PM - Nyal Dawson

Don't reset output size on radius change (fix #8090)

Prevent input of invalid output size by changing to spin boxes for rows and columns
