

QGIS Application - Bug report #8093

IGNF:LAMB1, 1C, 2, 2C, 2E, 3, C, 4, 4C error message

2013-06-17 08:37 AM - Didier Vanden Berghe

Status: Closed	
Priority: Normal	
Assignee:	
Category: Projection Support	
Affected QGIS version: master	Regression?: No
Operating System: Windows	Easy fix?: No
Pull Request or Patch supplied: No	Resolution:
Crashes QGIS or corrupts data: No	Copied to github as #: 16930

Description

French metropolitan Lambert SCR, excepté L93, leads to error message :

"exception

poursuivre la transformation de ..."

then a serie of number that looks like coordinate nearby 0,0

This appears first when I tried to open a project made under 1.8, but the same error message appears if I create a project from scratch.

History

#1 - 2013-08-29 12:19 PM - Hien TRAN-QUANG

- Status changed from Open to Closed

Bug has been fixed with issue #7941: there's a typo in env.bat from Grass package.
