

QGIS Application - Bug report #8246

End markers not always drawn with style "marker line"

2013-07-09 11:38 PM - Andreas Neumann

Status:	Closed	
Priority:	Normal	
Assignee:	Marco Hugentobler	
Category:	Symbology	
Affected QGIS version:	master	Regression?: No
Operating System:		Easy fix?: No
Pull Request or Patch supplied:		Resolution:
Crashes QGIS or corrupts data:		Copied to github as #: 17057
Description		
<p>In some cases, end markers are not always drawn.</p> <p>In the attached sample I set both start and end markers. Both start and end markers are defined as ellipse markers (rectangle and triangle). In some cases the end markers (triangles) are not drawn/ommitted.</p>
