

QGIS Application - Bug report #8393

Default QGIS toolbars

2013-08-01 03:20 AM - Jonathan Moules

Status:	Closed	
Priority:	Normal	
Assignee:		
Category:	GUI	
Affected QGIS version:	master	Regression?: No
Operating System:		Easy fix?: No
Pull Request or Patch supplied:	No	Resolution: end of life
Crashes QGIS or corrupts data:	No	Copied to github as #: 17166
Description		
<p>Weekly QGIS for windows; a13cdf8</p> <p>There seem to be an extraordinarily large number of toolbars enabled as default in the build.</p> <p>The following probably shouldn't be enabled by default.</p> <p>a) Web is empty - has no tools; pointless.</p> <p>b) Plugins is empty - has no tools; pointless.</p> <p>---</p> <p>Subjective (might want to discuss on user list):</p> <p>c) Grass toolbar. It's very specialised.</p> <p>d) Sextante -> shortest part; very specialised.</p> <p>e) Vector - very specialised</p>		

History

#1 - 2013-08-01 04:14 AM - Giovanni Manghi

- Category set to GUI

#2 - 2013-09-26 08:38 AM - Jonathan Moules

The Web and Plugins toolbars are still empty in the 2.0.1 release too.
