

QGIS Application - Feature request #8464

Save query in Select by Expression

2013-08-12 10:47 PM - Lene Fischer

Status:	Closed	
Priority:	Normal	
Assignee:	Nathan Woodrow	
Category:	Vectors	
Pull Request or Patch supplied:	No	Resolution: fixed/implemented
Easy fix?:	No	Copied to github as #: 17232
Description In the Select by Expression the dialog, the expresseion field always get cleared after running a selection. Is it possible to leave the without a refresh, or a "history". A save function would also be a nice feature. Regards Lene Fischer		

History

#1 - 2013-08-12 11:01 PM - Nathan Woodrow

- Target version set to Future Release - High Priority
- Assignee set to Nathan Woodrow

#2 - 2015-11-08 12:27 AM - Lene Fischer

In existing versions we now have "Recent" so this feature request is in my opinion redundant.

Regards

Lene

#3 - 2016-02-18 11:30 AM - Alexander Bruy

- Resolution set to fixed/implemented
- Status changed from Open to Closed

Closed, as now we have "Recent" expressions
