- Subject changed from Plugin installer: description column too narrow to Plugin installer: name column too narrow

It's name, not description. Let's fix the maximum width of name, description and about (the third tag to be probably introduced) in Saturday's session.

#2 - 2014-03-27 08:28 AM - Borys Jurgiel

- Status changed from Open to Closed

I believe we can close it now when the "about" tag is introduced and should be used for long descriptions.
