

QGIS Application - Bug report #8697

Default actions: typo in get coordinates

2013-09-26 10:03 AM - Paolo Cavallini

Status:	Closed	
Priority:	Normal	
Assignee:		
Category:	Vectors	
Affected QGIS version:	2.0.1	Regression?: No
Operating System:		Easy fix?: No
Pull Request or Patch supplied:	No	Resolution: fixed
Crashes QGIS or corrupts data:	No	Copied to github as #: 17418
Description		
QtGui.QMessageBox.information(None, "Clicked coords", "layer: [% \$layerid]\ncoords: ([\$clickx],[\$clickx %])") should be: QtGui.QMessageBox.information(None, "Clicked coords", "layer: [% \$layerid]\ncoords: ([\$clickx],[\$clicky %])") (i.e. \$clicky instead of \$clickx, on the second occurrence). trivial to fix, once one finds the correct file ;)
