QGIS Application - Feature request #8777
Improvements for Split Vector Layer by Attribute alg

2013-10-05 04:22 PM - Pedro Venâncio

Status:	Closed		
Priority:	Normal		
Assignee:	Victor Olaya		
Category:	Processing/QGIS		
Pull Request or Patch supplied:	No	**Resolution:**	fixed/implemented
Easy fix?:	No	**Copied to github as #:**	17483

Description

I think it is important to indicate in the "output" description field that the user must provide the path to the folder where the resulting shapefiles will be saved and the prefix for these shapefiles.

Another interesting improvement to the script would be to insert the contents of the split field (class_field) as shapefiles suffix, instead of the sequential numeration.

Thanks!

- Resolution set to fixed/implemented

- Status changed from Open to Closed

All these features now available in new "Split vector layer" algorithm. Reopen if necessary
