

# QGIS Application - Bug report #8872

## Create ring in multipart polygon fails

2013-10-16 06:00 AM - Jonathan Moules

<b>Status:</b> Closed	
<b>Priority:</b> Normal	
<b>Assignee:</b>	
<b>Category:</b> Digitising	
<b>Affected QGIS version:</b> 2.0.1	<b>Regression?:</b> No
<b>Operating System:</b>	<b>Easy fix?:</b> No
<b>Pull Request or Patch supplied:</b> No	<b>Resolution:</b> fixed/implemented
<b>Crashes QGIS or corrupts data:</b> No	<b>Copied to github as #:</b> 17552
<b>Description</b>	
<p>If I try and create a ring in a multipart polygon (advanced digitising), it fails with the error "The inserted Ring is not contained in a feature". But it is in a feature. I suspect it is failing because it is multiparted. The error should say this if it's not meant to work in them.</p>	

### History

#1 - 2015-10-13 05:19 AM - Nyal Dawson

- Resolution set to fixed/implemented
- Status changed from Open to Closed

Not reproducible in current master
