

## QGIS Application - Bug report #8875

### "No feature split done" warning text.

2013-10-16 06:18 AM - Jonathan Moules

<b>Status:</b>	Closed	
<b>Priority:</b>	Normal	
<b>Assignee:</b>		
<b>Category:</b>		
<b>Affected QGIS version:</b>	2.0.1	<b>Regression?:</b> No
<b>Operating System:</b>		<b>Easy fix?:</b> No
<b>Pull Request or Patch supplied:</b>	No	<b>Resolution:</b>
<b>Crashes QGIS or corrupts data:</b>	No	<b>Copied to github as #:</b> 17555
<b>Description</b>		
Minor thing:		
"No feature split done: If there are selected features, the split tool only applies to the selected ones. If you like to split all features under the split line, clear the selection"		
Has a grammatical fault. A slight re-wording should be clearer hopefully. Possible suggestion:		
"Feature split not completed: If there are selected features, the split tool only applies to those. If you would like to split all features under the split line, clear the selection."
