

QGIS Application - Feature request #8960

Show Legend for WMS layers

2013-10-28 04:43 AM - Jonathan Moules

Status:	Closed	
Priority:	Normal	
Assignee:		
Category:	Web Services clients/WMS	
Pull Request or Patch supplied:	No	Resolution: fixed/implemented
Easy fix?:	No	Copied to github as #: 17624
Description QGIS doesn't currently either show or even request the GetLegendGraphic from a WMS server. This could be implemented to show the legend in the layers list as regular legends are shown. Also it should be shown in the "legend" window of layer properties.
