QGIS Application - Feature request #9001
Make imported CSV tables editable within QGIS

2013-11-04 11:21 AM - Martin Jung

Status:	Open		
Priority:	Low		
Assignee:			
Category:	GUI		
Pull Request or Patch supplied:	No	**Resolution:**	
Easy fix?:	No	**Copied to github as #:**	17658

Description

I think this would really improve the usability of QGIS and is probably not that hard to implement (i would guess). Just needs a connector and table-writer for QGIS to change cells and write new rows to an existing file.

See this and many other GIS-SE question where someone wondered why they can not edit a loaded table.
