

QGIS Application - Bug report #9294

'support' doesn't necessarily mean commercial support

Status:	Closed	
Priority:	Normal	
Assignee:		
Category:	GUI	
Affected QGIS version:	2.0.1	Regression?: No
Operating System:		Easy fix?: No

Crashes QGIS or corrupts data:	No	Copied to github as #: 17903
Description Hi, QGIS 2.0 links at menu Help -> Need support? to link to that page that list commercial companies offering support http://qgis.org/de/site/forusers/commercial_support.html#qgis-commercial-support I'm very ok with promoting this list, but this target is very surprising as the menu item doesn't tell anything about commercial aspects and most users of a open source application might think of our open support channels: http://qgis.org/de/site/forusers/support.html So please either rename the label or (what I prefer) change it to the official support channel page :)
