

QGIS Application - Bug report #9342

composer regression - expressions in text items are not evaluated

2014-01-15 12:49 AM - Regis Haubourg

Status:	Closed	
Priority:	Severe/Regression	
Assignee:	Nyall Dawson	
Category:	Map Composer/Printing	
Affected QGIS version:	2.0.1	Regression?: No
Operating System:		Easy fix?: No
Pull Request or Patch supplied:	No	Resolution:
Crashes QGIS or corrupts data:	No	Copied to github as #: 17945
Description		
Expressions in text items (like writing current date) are no more evaluated in composer. Expression builder do evaluate correctly the expressions, but when inserted, only expression formula is displayed.

This was a consequence of the new atlas preview mode. I realise now I've forgotten to take into account the fact that expressions can be used for non-atlas uses too, so they need to be evaluated even when atlas preview isn't switched on. I'll fix.

#2 - 2014-01-15 02:55 AM - Regis Haubourg

Ok!, BTW all you did in composer is just great in production use!

#3 - 2014-01-15 02:56 AM - Regis Haubourg

Oh, just forgot, shouldn't we add some unit test to avoid such important regressions?
