QGIS Application - Bug report #937
download python plugin

2008-02-05 09:07 AM - leo-lami -

Status:	Closed		
Priority:	Low		
Assignee:	Tim Sutton		
Category:	Build/Install		
Affected QGIS version:		**Regression?:**	No
Operating System:	Windows	**Easy fix?:**	No
Pull Request or Patch supplied:		**Resolution:**	fixed
Crashes QGIS or corrupts data:		**Copied to github as #:**	10996

Description

Hi Tim

To download new Python plugins you have to change the row 105 of the dialog.py file present in C:\\Programmi\\Quantum GIS\\python\\plugins\\plugin_installer directory with the following string:

plugindir = str(QgsApplication.applicationDirPath()) + "/python/plugins"

History

#1 - 2008-02-05 09:58 AM - Gary Sherman

- Resolution set to fixed

- Status changed from Open to Closed

This is already fixed for 0.9.2

#2 - 2009-08-22 12:54 AM - Anonymous

Milestone Version 0.9.2 deleted
