

QGIS Application - Feature request #9399

Print Composer / Atlas generation - scale settings

2014-01-22 02:48 AM - Bo Victor Thomsen

Status:	Closed	Resolution: fixed/implemented Copied to github as #: 17997
Priority:	Normal	
Assignee:		
Category:	Map Composer/Printing	
Pull Request or Patch supplied:	No	
Easy fix?:	No	
Description		
<p>Let the Atlas generator respect scale settings defined under "Project properties" --> "General" --> "Project scales" when you're using the "Margin around feature" option in "Atlas generation" --> "Scaling" settings</p> <p>It would be nice to only have "decent" scale values in the Atlas generated maps like "1:12.500", "1:20.000" or whatever instead of "1:11.123,24"</p> <p>It would be nice also to have a checkbox somewhere in "Atlas generation" --> "Scaling" settings to switch on/off this feature</p> <p>Regards Bo Thomsen Aestas-GIS Denmark</p>		

History

- #1 - 2014-01-22 11:01 AM - Giovanni Manghi
- Target version set to Future Release - Nice to have
 - Category set to Map Composer/Printing
- #2 - 2014-05-31 05:33 AM - Nyal Dawson
- Resolution set to fixed/implemented
 - % Done changed from 0 to 100
 - Status changed from Open to Closed

Implemented for 2.4
