| <p>Hi !</p> <p>QgsProject's snapSettingsChanged() signal is broken... It's never sent. It seems it must be sent from QgsSnappingDialog which is now store the settings.</p> <p>Thanks !</p> |        |                                     |
