

QGIS Plugin Site - Bug report #9589

Wrong version number ordering

2014-02-18 02:32 AM - Pirmin Kalberer

Status:	Closed	
Priority:	Normal	
Assignee:	Alessandro Pasotti	
Category:		
Pull Request or Patch supplied:	Not supplied	
Description		
Looks like versions are ordered non-numerically - 0.9.0 looks newer than 0.10.0 Example: http://plugins.qgis.org/plugins/qgiscloud/ This results in a wrong version marked as Latest stable version.

I already have a fix but since it requires altering the DB I need a quiet time to do backups, tests etc.

Unfortunately these are busy days.

- Status changed from Open to Closed

Should be fixed now.

Please test.
