QGIS Application - Bug report #9685
C run time error on load - QGIS 2.2.0/Win7 64bit

2014-03-01 07:49 AM - MARTIN SPIERS

Status:	Closed		
Priority:	Normal		
Assignee:			
Category:			
Affected QGIS version:	2.2.0	**Regression?:**	No
Operating System:		**Easy fix?:**	No
Pull Request or Patch supplied:		**Resolution:**	
Crashes QGIS or corrupts data:		**Copied to github as #:**	18250

Description

QGIS installed from http://download.osgeo.org/qgis/win32/QGIS-OSGeo4W-2.2.0-1-Setup-x86_64.exe, replacing previous 1.80 installation.

on load, QGIS produces the following error

Microsoft Visual C++ Runtime Library

Runtime Error!

Program: C:\\PROGRA~1\\QGIS\\Valmiera\\bin\\qgis-bin.exe

R6034

An application has made an attempt to load the C runtime library incorrectly.
Please contact the application's support team for more information.

OK

The program seems to load and run normally after this error is dismissed.

I've closed the ticket for now, can you please post this at the OSGeo4W issue tracker? https://trac.osgeo.org/osgeo4w/report/1

If it does end up being a QGIS issue, feel free to re-open =)

I'm thinking this is something about the osgeo4w packaging instead of actually QGIS. I'm thinking this was reported before so a quick search there could give you some results too.
