

QGIS Application - Bug report #9821

Ability to click and drag to size new label bok in Print Composer

2014-03-19 04:49 PM - Johanna Botman

Status:	Closed	
Priority:	Normal	
Assignee:	Nyall Dawson	
Category:	Map Composer/Printing	
Affected QGIS version:	2.2.0	Regression?: No
Operating System:		Easy fix?: No
Pull Request or Patch supplied:	No	Resolution:
Crashes QGIS or corrupts data:	No	Copied to github as #: 18352
Description		
<p>When I create a new label in Composer, I'd like to be able to size it as I create it. Currently a single click creates the label box. It would be nice to be able to hold that click and create the box at the size I want at the point of creation. This would be especially useful when working on A0, A1 and A2 layouts.</p> <p>Would it also be possible to have the current QGIS text highlighted so that any immediate text will over write that text?</p>
