QGIS Application - Bug report #9868
Processing - "Create equivalent numeric field" needs a descriptive name

2014-03-25 02:11 AM - Anita Graser

Status:	Closed		
Priority:	Low		
Assignee:	Victor Olaya		
Category:	Processing/QGIS		
Affected QGIS version:	master	**Regression?:**	No
Operating System:		**Easy fix?:**	No
Pull Request or Patch supplied:		**Resolution:**	fixed/implemented
Crashes QGIS or corrupts data:		**Copied to github as #:**	18395

Description

e.g. to

- Enumerate unique values
- Unique value indexes
- Add unique value index (field)

documentation would help as well.

History

#1 - 2015-05-25 08:00 AM - Giovanni Manghi
